To whom it may concern:

General Caulking & Coatings Company has grown to over 100 employees, with offices in Orlando, Miami, and Palm Beach. As the President of the company, I am always looking for cost effective improvements in all areas of our company. After receiving literature from EBRS describing their utility review services, I decided to contract with them to audit our utility bills.

They reviewed several years of our bills, and found that one of our offices had been set up on an incorrect rate. We soon received a nice refund check from the electric company serving that office.

Since our refund, I have recommended EBRS to several of my business friends. EBRS truly offers a win-win situation to everyone who uses their service.

Please review and feel free to call should any questions exist.

Very truly yours,

**GENERAL CAULKING & COATINGS CO., INC.**
